Hi Mark,

Find attached the drawings and specifications for this project.

s. 29(1) (a)

Should you have any questions please contact me directly.

Drawing A-6 contains kitchen equipment tables of new and relocated items. The column "Supplied by" indicates client for all, however this is only for the existing / relocated items. All new equipment that contains model #'s will be supplied and installed by the contractor for this project.

Please send me a quick reply to confirm you have received this email. Can you also provide an approximate ETA of when we can expect the costing report?

Hi Mark,

Can you please return the completed consultant engagement ASAP? We need it to have a purchase order issued.

I'll provide an update on the ETA for new plans when I know more. The new plans will reflect reductions in the scope of work for the kitchen equipment and related M&E required.

Thanks,
