

Patients Still Waiting for MRI

- EZ data excludes Pediatric (Janeway) and inpatients.
- WZ and CZ excludes inpatients
- Those still waiting include patients who are already booked with an assigned appointment data as well as those waiting to be booked
- Data includes urgent and non urgent referrals that are booked or pended in Community Wide Scheduling or Meditech. There may be other paper based referrals that are not yet inputted in our systems and are therefore not included in these numbers.

| MRI Scan -Non Urgent | 492 | 568 |
| MRI Scan -Urgent | 183 | 200 |
| CZ MRI Scan- Combined Total | 675 | 768 |
| Eastern Zone | Waiting as of 30/06/24 | Waiting as of 30/09/24 |
| MRI Scan -Non Urgent | 4167 | 3465 |
| MRI Scan -Urgent | 1030 | 1170 |
| EZ MRI Scan- Combined Total | 5197 | 4635 |
| Western Zone | Waiting as of 30/06/24 | Waiting as of 30/09/24 |
| MRI Scan -Non Urgent | 749 | 731 |
| MRI Scan -Urgent | 39 | 35 |
| WZ MRI Scan- Combined Total | 788 | 766 |
| MRI Scan- Combined Total | 6660 | 6169 |

MRI Wait Time (In Days)

- EZ data excludes Pediatric (Janeway) and inpatients
- WZ and CZ data excludes inpatients
- Median and 90th percentile is based on the number of days patients waited, from the date referral was received to the date of the completed MRI appointment.
- Median: Half of all patients waited this many days before receiving care
- 90th percentile: 1 out of 10 patients waited this many days or more before receiving care.

| Central Zone- MRI Scan | | | | | |
|-----------------------------------------------------------------|------------|----------|---------------|--------|-----------------------------|
