Dear Dr. Jennifer Lokash,

I stand with the MUN Students for Palestine. MUN's direct investment of over 7 million dollars in weapons manufacturing companies implicated in the genocide in Gaza is unacceptable.

The failure of the university to listen to the facts laid out by the United Nations, International Criminal Court, and all major Humanitarian organizations is hypocritical, inhumane and appalling of a post-secondary institution.

You have neglected your responsibility to develop and adhere to effective policies to ensure ethical investing.

We don't have the time to wait when almost 15,000 children have been martyred in Gaza. We demand you call an emergency meeting and act now.

Sincerely,

**Subject:** MUN Complicit in Genocide

Dear Dr. Jennifer Lokash,

I stand with the MUN Students for Palestine. MUN's direct investment of over 7 million dollars in weapons manufacturing companies implicated in the genocide in Gaza is unacceptable.

The failure of the university to listen to the facts laid out by the United Nations, International Criminal Court, and all major Humanitarian organizations is hypocritical, inhumane and appalling of a post-secondary institution.

You have neglected your responsibility to develop and adhere to effective policies to ensure ethical investing.

We don't have the time to wait when almost 15,000 children have been martyred in Gaza. We demand you call an emergency meeting and act now.

Sincerely,

Dear Dr. Neil Bose

I stand with the MUN Students for Palestine. MUN's direct investment of over 7 million dollars in weapons manufacturing companies implicated in the genocide in Gaza is unacceptable.

The failure of the university to listen to the facts laid out by the United Nations, International Criminal Court, and all major Humanitarian organizations is hypocritical, inhumane and appalling of a post-secondary institution.

You have neglected your responsibility to develop and adhere to effective policies to ensure ethical investing.

We don't have the time to wait when almost 15,000 children have been martyred in Gaza. We demand you call an emergency meeting and act now.

Sincerely,

[REDACTED] s. 40 (1)

Dear Dr. Jennifer Lokash,

Dear members of the Board of Regents,

I commend you for disclosing your direct investments in companies active in Israeli illegal settlements in the occupied West Bank and in occupied Jerusalem. Of course, merely knowing the number is not enough. Now, I stand with Memorial Students for Palestine in demanding divestment from those companies. To wit, I also believe WSP Global should be divested from, since they have been contracted to plan, design, maintain, and extend the Jerusalem Light Rail (JLR), an Israeli public tramway system that contributes to the maintenance of illegal Israeli settlements in occupied and annexed Eastern Jerusalem.

MUN's direct investment of over 7 million dollars in weapons manufacturing companies implicated in crimes against humanity in Palestine is unacceptable.

You must accept responsibility to develop and adhere to effective policies to ensure ethical investing. The crisis caused by decades of apartheid and ethnic cleansing have led to a recent escalation in violence where almost 15,000 children have been martyred in Gaza. I join the students in demanding you call an emergency meeting and act now.

Sincerely,

Dear Dr. Jennifer Lokash,

I stand with the MUN Students for Palestine. MUN's direct investment of over 7 million dollars in weapons manufacturing companies implicated in the genocide in Gaza is unacceptable.

The failure of the university to listen to the facts laid out by the United Nations, International Criminal Court, and all major Humanitarian organizations is hypocritical, inhumane and appalling of a post-secondary institution.

You have neglected your responsibility to develop and adhere to effective policies to ensure ethical investing.

We don't have the time to wait when almost 15,000 children have been martyred in Gaza. We demand you call an emergency meeting and act now.

Sincerely,

Dear Dr. Jennifer Lokash,

I stand with the MUN Students for Palestine. MUN's direct investment of over 7 million dollars in weapons manufacturing companies implicated in the genocide in Gaza is unacceptable.

MUN must listen to the facts laid out by the United Nations, International Criminal Court, and all major Humanitarian organizations on this matter and divest these funds.

MUN has acknowledged its responsibility to develop and adhere to effective policies to ensure ethical investing, therefore it must act accordingly.

There is no time to wait when almost 15,000 children have been martyred in Gaza. Please call an emergency meeting and act now.

Dear Dr. Jennifer Lokash,

I stand with MUN Students For Palestine and MUN Faculty For Palestine. I urge the Board to engage with these groups and to listen to their concerns.

Nearly 2 million people in Gaza have been displaced and over 30,000 killed, many of them children. Every single university has been bombed. Every reputable humanitarian organization is sounding the alarm and on May 24, 2024, the ICJ has made the most serious rulings against Israel, naming crimes that fall under the Genocide Convention. This can not be ignored.

Neglecting this issue leaves students and the community feeling abandoned and creates real harm. Failure to disclose and divest risks MUN remaining materially invested in weapons manufacturers and entities tied to violations of human rights and international law. This is morally wrong but also irresponsible. We know MUN made the wrong decision in 1981 and 1989 when refusing to divest from apartheid South Africa. Memorial has an opportunity now to stand on the right side of history, by engaging with students, faculty and community and heeding the calls for disclosure, divestment and boycott.

Every single member of the Board has the power now to do the right thing. To use their voice.

Please use it.

Sincerely,
