I have all the PSC letters revised and ready to go. I just need to attach to my emails. There is nothing further that Joan needs to do.

I then only need to combine all the email addresses for the mass email to the public responses.

Hello John; Thanks for agreeing to sit on this very important committee.

One of the Board of Regents most important responsibilities is selection of the University's president. To ensure a process that is as best as it can be the searches are led by a wide representation of stakeholders.

You will recall the call for members indicated the preference for in person meetings and the expectation of members availability so the work can proceed in good time and with good involvement of members.

Tina Scott of the Board office has attempted to reach you by both this email and by telephone at [REDACTED] in attempts to arrange the committee's first meeting. s. 40 (1)

We are anxious to move the selection process forward as expeditiously as possible.

Tina has not received any responses from you in any way to her many attempts to make contact. This is adding to challenges in setting the meeting date.

As chair I would greatly appreciate you responding to Tina. We are at a point now that the meeting must be scheduled with whomever is available.

Thanks
