Harlow Campus Update

Overall improvements have been identified to date.

Development of internal policies and regulations which have been submitted to the Provost office. JJ currently awaiting feedback.

Staffing

- Development of the campus staff handbook. Updated version has been distributed to the Provost office and made available to all Campus staff through the HR portal.
- Reduction from 14 staff members down to 7.
- Temp position to be hired to undertake business development this facilitator to engage with stakeholders. This is a current temp position. 25hours per week.
- Digital marketing intern was taken on P/T. All accounts are now live.
- Staff training provided for mental health.

Health & Safety Procedures

- Compliant with Health & Safety –implemented contract with Bright HR. These supply both H&S, HR and legal assistance. Total cost of £161 a month for all services.
- Legionella control measures have been passed to WCS. This has relieved a high amount of responsibility and workload.
- Annual risk assessment of Harlow Campus was undertaken by members of the team throughout the summer period. Risks identified have been recorded and rectified by staff. A continuing review will take place 6 months from the original assessment date.
- Campus insurance has been re-issued from April. Reduction of £4000 for this current year.

Campus improvements

- Completed conversion of our large student kitchen to improve campus facilities.
- Vast improvement with housekeeping operations
- Development of 2 new apartments within St Johns House. Predicted to generate around £10k per year.

Student experience

- Presentations offered to student groups prior to arrival to show Harlow and answer questions. Followed by an in-person induction then carried out for health and safety information.
- Tesco Clubcard QR voucher provided to students to allow discounted items.
- Feedback collected from all students after departure.

Financial improvement

- Major cost reduction from staffing cuts.
- Reduction of costs with more efficient cleaning contracts in place.
- Transition to a paperless campus, reducing overall printing costs.

Budgets

- Confirmation of the £1.5 million deficit has now been cleared.
- Budget for 25/26 has been agreed. The planned budget for next year falls within the received budget. Final target has been achieved within the first year out of a 3-year target.

All Trustee members of the board have received the report from JJ, and all members shared their thanks to JX for her efforts with Harlow Campus.

New President Update

- New president now in place and will be invited to join the next scheduled Trust meeting.
- The main priority bases around student experience and the connection between the Trust and the academic success of learners.
- Financial sustainability is also a priority.

 Subject: Follow up to Harlow Conversation Session

Hi [REDACTED] s. 40 (1)

Following last week's Harlow Conversation session, I've been asked by the President and the Provost to follow up with you to provide additional context and clarification regarding MUN-UK Ltd., particularly in relation to the ownership of the Harlow campus buildings.

Governance Structure

To begin with some historical context:

In its early years, Harlow was governed by a Committee of Trustees. However, in the 2000s, the governance structure evolved into its current form, which consists of:

1. MUN-UK Ltd. – A company limited by guarantee, with five directors and Memorial's President serving as Chair.
2. The Harlow Scholar Scholarship Trust – A separate entity with a focused mandate to manage scholarships.

Ownership Clarification

s. 30 (1)(a)

Additionally, the Charities Registry confirms that the Harlow Scholar Scholarship Trust does not own or lease property. You can view the registration details here:

https://register-of-charities.charitycommission.gov.uk/en/charity-search/-/charity-details/283561/governance?uk_gov_ccew_onereg_charitydetails_web_portlet_CharityDetailsPortlet_organisationNumber=283561

Memorial University is also listed in the UK Companies House foreign entities registry as the sole member of MUN-UK Ltd.

Companies House - MUN Registration

Summary

In short, Memorial University retains sole ownership of MUN-UK Ltd., and by extension, the Harlow campus buildings. The Trust is a separate entity with no property holdings, and the MUN-UK Board does not have ownership unless a formal transfer of membership is made.

I hope this helps clarify the current governance and ownership structure of the Harlow Campus.

All the best,
 Roxanne

Hello Janet,

Thank you again for your time today. It was a pleasure to meet you, and I look forward to meeting in person soon. I fully appreciate the difficult circumstances surrounding MUN at the moment, and I'm very sympathetic to the challenges you are facing as you step into your role.

I completely understand the strategic objectives that have been outlined. At the same time, I firmly believe that Harlow is a special place that has provided—and can continue to provide—meaningful benefit to Newfoundland as a whole, as well as to Memorial. I also recognise that significant steps need to be taken to reduce Harlow's impact, both financially and administratively, and I am committed to working collaboratively to achieve that.

I am very open to hearing ideas and would like to work constructively together to navigate the best path forward for both Harlow and Memorial—an institution for which I have a great deal of affection and respect.

If possible, it would be extremely helpful to have 15 minutes at the upcoming board meeting to present some ideas I believe could support our shared objectives. I'm confident that, within the governance structures of the Harlow Board, we can work together to make the best out of what is undeniably a challenging situation.

Thank you again for your openness and the positive spirit of our conversation. Candor is a super power.

Regards
Garrett

APPENDIX A

10-YEAR OPERATIONAL COSTS HARLOW CAMPUS

Excludes costs to instructional units for backfill teaching and costs to students

10-YEAR ENROLMENTS HARLOW CAMPUS

MEMORIAL'S 10-YEAR COST PER STUDENT - HARLOW CAMPUS

For Action ✓ For Information

Purpose:

Recommendation: For discussion only in December 2025 with an intention to revisit in 2026 as a “for action” item.

Memorial's Harlow Campus in the UK is one of several international experiences Memorial offers to students. While recent challenges have made it difficult to sustain programming at the Harlow campus that aligns with Memorial's academic mission, Memorial remains committed to international student mobility as a strategy for preparing learners to be engaged, global citizens.

At its meeting held on December 7, 2023, the Board of Regents approved the commencement of a review of the operations of the Harlow Campus (MUN-UK Limited) following a recommendation by the Ad Hoc Action Committee – Auditor General Report.

The review of Harlow Campus was prompted by declining enrolment and rising operational costs, necessitating a new financial model. Despite a capacity of 153 students annually, enrolment has consistently fallen short over the past decade.

Multiple initiatives to revitalize interest, including positioning Harlow as a “Gateway to Europe,” developing executive training programs, leveraging distance education, and launching the Harlow Incentive Program (HIP), have yielded limited success.

Efforts to require mandatory residency at Harlow through new programming were also unsuccessful. Additionally, stricter UK immigration laws have restricted Memorial instructors from teaching full semesters at Harlow, resulting in students splitting time between St. John's and the UK.

Low enrolment directly impacts Harlow's financial viability, as the campus relies on accommodation revenue. With fixed overhead costs approaching \$1M in the last two fiscal years, the cost per student (based on the fixed operational costs of \$1M) rose to \$31,893 and \$50,733 per 13-week equivalent in 2022-23. Refer to Appendix A for student enrollment and cost per student.

The campus receives a base budget grant of approximately \$508,600 from the Provost's Budget Envelope, plus fluctuating one-time funding (\$150,000–\$500,000). Refer to Appendix A for 10-year operational costs.

Costs incurred by academic units are not reflected in Appendix A. These costs vary from unit to unit but include any instructional costs to backfill teaching that is required and travel and accommodations.

Given the unsustainable financial model and persistently low enrolment, action was required to address the campus's future.

Review Updates and Final Report

The Board received an interim Operational Review Report on May 15, 2024 and at its October 3, 2024, meeting the Harlow Campus Operational Review Final Report was submitted. At that meeting, the Board also accepted a recommendation within the report to proceed with an option to continue the operation of Harlow Campus (described as Option 1) with the following provisos:

1. Three years for a plan to create a sustainable Campus
2. At the end of three years to operate within a budget wherein the grant from Memorial University does not exceed \$550,000 CAD
3. Expense reduction and new revenue streams to balance the budget
4. Annual development/monitoring of benchmarks and key performance indicators

Business Plan Developed

At its meeting on December 5, 2024, Dr. Xu, the Associate Vice-President (Harlow Campus and Global Partnerships) presented an interim business plan for information to the Board of Regents. A subsequent presentation was delivered to the Board for information on March 6, 2025 entitled "Evolving Business Plan". It was understood that the Board could consider a shorter term to evaluate the sustainability of the Harlow Campus.

Recent Developments

Leadership Change:

Since the development of the business plan, Dr. Jingjing Xu has resigned from her role as Associate Vice-President (Harlow Campus and Global Partnerships), effective September 15, 2025.

s. 29 (1)(a)

Enrolment Trends:

Student enrolments have continued to decline since last reported to the Board in December 2023. (Refer to Appendix A)

Financial Sustainability:

While expenditures have been reduced through staff attrition (from 13 to 5 positions) and operational efficiencies have been implemented, new revenue streams have not materialized. Accommodation revenue has remained flat over the previous year.

In addition to the annual grant provided by Memorial, Harlow has a small endowment managed by the Harlow Scholarship Trust that provides modest travel bursaries to students attending Harlow programs. However, the Trust provides limited financial benefit.

s. 35 (1)(c)

Infrastructure Risks:

The campus buildings, some dating back to the 19th century, require significant investment. Deferred maintenance totals \$1.986M CAD,

Good morning, Janet,

I didn't get a chance to speak with you personally after last night's Harlow session, but I wanted to thank you for taking the time to have such a meaningful, candid, and open conversation about the realities facing [REDACTED] Harlow Campus.

s. 40 (1)

s. 40 (1)

[REDACTED] I know how important the campus and its experiences were [REDACTED]

[REDACTED] While it is disheartening to hear that the campus may be at risk, we cannot ignore the realities that [REDACTED] face as an institution.

If we do lose Harlow as a campus, while it will be difficult at first, I believe we will move forward toward a brighter future while holding close the good memories, experiences, and history of the past.

These conversations about Memorial's fiscal future cannot be easy, and I appreciate you handling them with such compassion, openness, and a clear focus on Memorial's future success.

Sincerely,

Here is a potential reply, with two options [REDACTED]

Dear [REDACTED] s. 40 (1)

Thank you for reaching out. First let me clarify that no decision has been made about the future of Harlow Campus.

As you may know, the financial pressures facing Memorial are significant. We are spending more than we are bringing in and this requires us to carefully review every investment through the lens of academic quality, student experience and financial sustainability. This also includes consideration of equity and accessibility to ensure the largest number of students can benefit from opportunities.

s. 29 (1)(a)

I will be at Harlow Campus next week [REDACTED]

Meeting of the Board of Regents: December 4, 2025

_____ For Action

☒ For Information

Title: Revisiting the sustainability of the Harlow Campus

Purpose: In the face of serious fiscal challenges, Memorial University must reduce operational costs in non-core operations. Having determined that it is not central to our academic mission, it is proposed that Memorial University close and divest the Harlow Campus.

Recommendation: For discussion only in December 2025 with an intention to revisit in 2026 as a "for action" item.

Background and Analyses:

Harlow Campus in the UK is one of many international experiences Memorial offers to students across 180 partnerships in 50 countries. The university remains committed to international student mobility as a strategy for preparing learners to be engaged, global citizens.

On December 7, 2023, the Board of Regents directed a review of the operations of Harlow Campus (MUN-UK Limited) following a recommendation by the Ad Hoc Action Committee – Auditor General Report.

This was prompted by declining enrolment and rising operational costs; despite a capacity of 153 students annually, enrolment has consistently fallen short of that target over the past decade. Multiple initiatives to revitalize interest, including positioning Harlow as a "Gateway to Europe," developing executive training programs, leveraging distance education, and launching the Harlow Incentive Program (HIP), have yielded limited success

Efforts to require mandatory residency at Harlow through new programming were also unsuccessful. Additionally, changes to UK immigration laws have restricted Canadian faculty from teaching full semesters at Harlow so students are splitting time between St John's and the UK and/or taking courses on-line at Harlow (with faculty based out of NL).

Low enrolment directly impacts Harlow's financial viability, as the campus relies on accommodation revenue. With fixed overhead costs approaching \$1M annually since 2022, the cost per student (based on the fixed operational costs of \$1M) rose to \$31,893 and \$50,733 per 13-week equivalent in 2022-23.

The campus receives a base budget grant of approximately \$508,600 from the Provost's Budget Envelope, plus fluctuating one-time funding (\$150,000–\$500,000). All costs are detailed across three slides in Appendix A.

s. 29 (1)(a)

Costs incurred by academic units are not reflected in Appendix A. These costs vary from unit to unit but include required instructional costs to backfill teaching, as well as travel and accommodation costs for faculty and staff.

The Board received an Interim Operational Review Report on May 15, 2024 and the Harlow Campus Operational Review Final Report on October 23, 2024. At that time, the Board also accepted a recommendation to continue the operation of Harlow Campus (described as Option 1) with the following provisos:

1. Three years for a plan to create a sustainable Campus
2. At the end of three years to operate within a budget wherein the grant from Memorial University does not exceed \$550,000 CAD
3. Expense reduction and new revenue streams to balance the budget
4. Annual development/monitoring of benchmarks and key performance indicators

In Fall 2025, consultations were held with various stakeholder groups (Deans, Directors of the MUN-UK Ltd., Trustees of the Harlow Scholarship Trust and faculty, staff, students and Alumni). It was clear from these discussions that the Harlow learning experience has been transformative for most alumni. Most attendees, however, had no idea how much has changed at the campus and/or about the financial sustainability challenges. Particularly in the face of Memorial's serious financial circumstances,
